Franke Coffee Systems Americas to highlight its commitment to innovation and passion for coffee in new state-of-the-art showroom

Smyrna, Tennessee – January 16, 2024

Franke Coffee Systems Americas welcomes coffee operators, distributors, and partners to its new showroom at the company's headquarters in Smyrna, Tennessee. Sharing their mutual passion for coffee, Franke and their customers can come together to use the showroom as the center for finding solutions that drive business success. The manufacturer of professional, fully automatic coffee machines new showroom is dedicated to creating premium coffee experiences for customers, guests, and visitors, as well as to reinforce the company's presence and penetration in the North American market.

The opening of the state-of-the-art showroom sees Franke Coffee Systems welcoming customers, partners, and coffee business professionals on a journey that defines coffee excellence. Visitors are set to experience Franke's vision on an entirely new level through a design that succeeds in speaking to all the senses. Franke is using this opportunity to allow partners to explore the company's profound coffee expertise, innovative technology, and comprehend why Franke's brand vision "It's all about the moment" truly defines the business of coffee.

The showroom's design, floorplan, lighting, and furnishings combine to create a natural guidance that engages each visitor and captures the imagination. Generous spacing ensures there is freedom of movement to explore each machine and its capabilities. As Franke continues to prioritize coffee competency and practical knowledge sharing with our customers, this space provides the opportunity for training and engagement across our full portfolio of coffee machines.

The showroom provides firsthand access to Franke's A-Line portfolio of fully automatic coffee machines, from the compact and award-winning A400 Fresh Brew to the A1000 FLEX, through to the semi-automatic S700 which allows visitors a more hands-on approach to creating barista-quality milk foam. In addition, Franke also presents their signature coffee technologies, iQFlow™, FoamMaster™, CleanMaster, Franke Digital Services and more. Partners and customers can experience each of these high-performance features for themselves, at just the touch of a button. The new showroom promises an immersive experience for coffee enthusiasts, industry professionals, and business owners seeking top-tier coffee solutions, creating memorable coffee moments for all.

"This showroom has been designed to bring our brand vision to life. We are excited to open our doors and invite the coffee community to experience the craftsmanship and innovation that define Franke. This showroom is a

testament to our dedication to providing top-of-the-line coffee solutions for businesses of all sizes," said Doug Smith, Vice President of Sales at Franke Coffee Systems Americas. "It expresses our conviction that coffee is so much more – it's about creating memorable coffee moments. This is the place where our partners and customers can connect with us one-on-one and take advantage of the expertise and knowledge that we are eager to share. It's all about supporting them so they can create memorable coffee moments for their guests with every cup."
